Stockholm 267

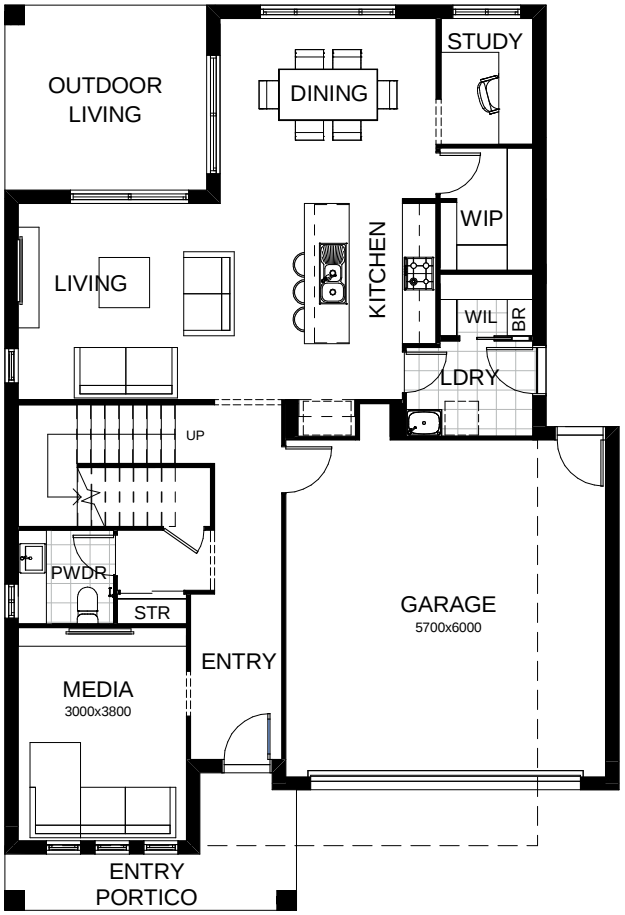

Fabulous family living in this stunning four bedroom design. Upstairs is for quiet time – the master has an integrated private space where parents can unwind, adjoined by a large retreat and study nook. Downstairs the generously-sized media room is at the front of the house, there's a separate study, and the well-designed kitchen, dining and living area flows seamlessly out to the entertaining space at the rear. Contact us today to customise the Stockholm home to you!

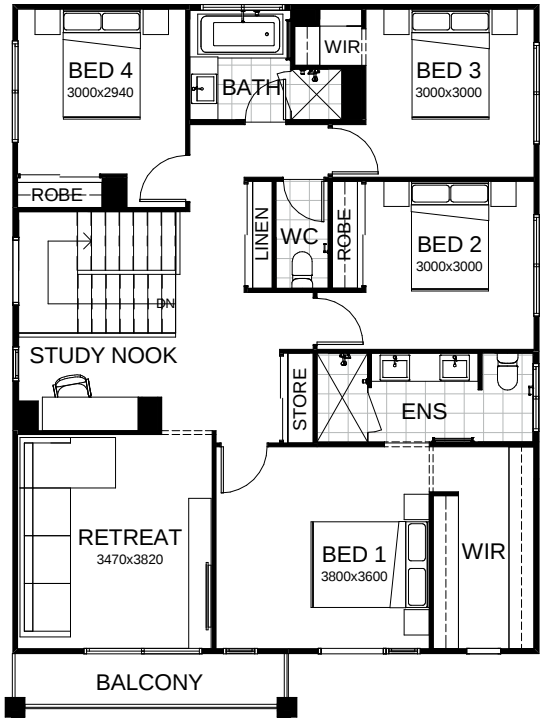

FRONTAGE	12.5m
TOTAL FLOOR AREA	267.60m^2
